Camp IDEA Middle School Week

Full Week Classes (July 18-21, 8AM - 12PM)

Your child will attend two topics in their grade level with a short brain break between sessions! Classes will be filled on a first come, first served basis. Register early to get your top choices! But don't worry - each class is sure to catch the attention of and provide an enriching experience for all students!

Grade 6-8	Street Art
	<p style="text-align: right;">Instructor: Michael Brodzik</p> <p>Camp IDEA is thrilled to welcome guest artist Michael Brodzik (https://michaeljart.co/) to share his art expertise with our campers. Mr. Brodzik is an up and coming young artist who has a unique vision and technique. Campers in his class will explore new painting techniques and begin to design their own brand and style while learning how we are all connected through art. This class is a hit every year and fills quickly!</p>
Grade 6-8	Strategy Masterminds
	<p style="text-align: right;">Instructor: Christine Robinson</p> <p>Board games, logic puzzles, brain teasers -- what do these things have in common? They all take strategy to be successful! We will play games, discuss and analyze strategies, make hypotheses and test our theories. If you enjoy board games and thinking puzzles, come hang out with some like minded people and see if you can be a master gamer! Who will achieve the Mastermind title?</p>
Grade 6-8	Evolution of Video Games
	<p style="text-align: right;">Instructor: Tom Shown</p> <p>Would you believe that video game design actually started in the 1950s as computer scientists created simple simulations as part of their research? In a short time the industry went from the simple game of Pong to</p>

	<p>multiplatform, action packed games with high intensity graphics that you can play with all of your friends online. In this class, campers will explore this evolution by playing and analyzing the games, while learning about the technology behind each. Mr. Shown is bringing ALL of his gaming systems to this party! Come join the fun!</p>
